FOR IMMEDIATE RELEASE

May 1, 2014

JIAN LIU AWARDED CPE® CERTIFICATION

Bellingham, WA – May 1, 2014 – The Board of Certification in Professional Ergonomics (BCPE®) is pleased to announce the recent certification of Jian Liu. Jian was granted the distinguished Certified Professional Ergonomist (CPE) credential. This credential is awarded to the ergonomics professional who has a bachelor's degree and academic coursework covering the BCPE core competencies; three (3) years of full-time professional practice in ergonomics; and passed a written examination.

The mission of the BCPE is to provide ergonomics/human factors (E/HF) certification to protect the public, the profession, and its professionals by assuring standards of competency and advocating the value of certification. BCPE is the certifying body for individuals whose education and experience indicate broad expertise in the practice of ergonomics/human factors. Since its incorporation, more than 1,500 professionals have successfully achieved certification as an Associate Ergonomics Professional, Associate Human Factors Professional, Associate User Experience Professional, Certified Professional Ergonomist, Certified Human Factors Professional, Certified User Experience Professional or Certified Ergonomics Associate. The Board of Certification in Professional Ergonomics has awarded the Certified Professional Ergonomist designation since 1992.

The CPE program is endorsed by the International Ergonomics Association (IEA). The BCPE is further recognized by the American Board of Industrial Hygiene (ABIH) as a premier credentialing organization for the HF/E profession and is a corporate member of the Institute for Credentialing Excellence (formerly the National Organization for Competency Assurance). For more information about BCPE and its certification programs, visit the BCPE web site at <http://www.bcpe.org> or contact the BCPE Office at (888) 856-4685.
