

University Libraries **PLAN-ON-A-PAGE**

VISION

To be a leading academic library system that fosters innovation, inclusivity, and excellence in research, learning, preservation, and community engagement.

MISSION

To provide comprehensive resources, exceptional services, and welcoming environments that support the academic and personal growth of our diverse community.

VALUES

Access & Equity | Student Success | Research & Curriculum Support | Educational Excellence
Leadership & Collaboration | Community Engagement

STAKEHOLDER GOALS

Students
Enhance literacy, research skills, and provide a supportive study environment that helps foster student success and retention.

Faculty & Staff
Offer robust research support and collaborative opportunities; invite feedback to enhance resources and meet accreditation needs.

MSLS Students
Empower faculty and staff to offer an accredited formal degree, practical experience, and job placement.

Community
Engage through programs and relationships that promote lifelong learning; provide services that preserve university and community history.

WV Libraries
Lead the state in resource sharing, innovation, library education, and professional development.

STRATEGY

Enhance access, services, and facilities while fostering innovation and community engagement.
