COMPUTER SCIENCE

REQUIREMENTS

CORE CURRICULUM

The Core Curriculum is designed to foster critical thinking skills and introduce students to basic domains of thinking that transcend disciplines. The Core applies to all majors. Information on specific classes in the Core can be found at marshall.edu/gened.

CORE 1: CRITICAL THINKING		CORE 2:	
CODE COURSE NAME	HRS GRA	ADE CODE COURSE NAME	HRS GRADE

	CS 305	Software Engineering I	•	3				Science w/ Lab	•	4	
	CS 310	Software Engineering II	♦	3				Free Elective		3	
•	CS 320	Internetworking	•	3				Free Elective		3	
	CS 330	Operating Systems	•	3				Free Elective		2	
	CS 360	Automata & Formal Languages	•	3							
	CS 402	Computer Architecture	•	3							

MAJOR INFORMATION

- Students are required to know and track their degree requirements for graduation or for entrance to a professional school.
- Coursework listed as "free elective" may vary for each student. Students are encouraged to use elective hours toward a minor or toward prerequisities.
- Science w/ Lab may be met by completeting any three courses with labs from the following science areas: BSC 120 or above, CHM 211 and CHM 217 or above, GLY 200 and GLY 210L or above, PHY 201 or PHY 211 and PHY 202 or above.
- CS elective may be met by completing any two of the following courses: CS 315, 370, 404, 405, 420, 425, 435, 440, 455, 460, or a special topics course CS
- Course offerings and course attributes are subject to change each semester. Please consult each semester's schedule of courses for availability and attributes.

FOUR YEAR PLAN COLLEGE OF ENGINEERING AND COMPUTER SCIENCES 2020-2021

GRADUATION REQUIREMENTS

- Have a minimum of 120 credit hours (some colleges or majors require more);
- · Have an overall and Marshall Grade Point Average of 2.00 or higher;
- Have an overall Grade Point Average of 2.00 or higher in the major area of study;
- · Have earned a grade of C or better in English 201 or 201 H;
- Have met all major(s) and college requirements;
- Have met the requirements of the Core Curriculum;
- · Have met the residence requirements of Marshall University, including 12 hours of 300/400 level coursework in the student's college (see section entitled "Residence Requirements" in the undergraduate catalogue);
- Be enrolled at Marshall at least one semester of the senior year;
- · Have transferred no more than 72 credit hours from an accredited West Virginia twoyear institution of higher education.

Colleges and specific programs may have unique requirements that are more stringent than those noted above. Students are responsible for staying informed about and ensuring that they meet the requirements for graduation.

This academic map is to be used as a guide in planning your coursework toward a degree. Due to the complexities of degree programs, it is unfortunate but inevitable that an error may occur in the creation of this document. The official source of degree requirements at Marshall University is DegreeWorks available in your myMU portal. Always consult regularly with your advisor.

COMPUTER SCIENCE — 2020-2021

YEAR ONE

Have questions? Need to talk? You already have a Friend-At-Marshall ready to help you succeed. Find your FAM Peer Mentor here: www.marshall.edu/fam

/å\ å å

Join professional associations in your

field like IEEE, ACM, etc.

Join the Computer Club and reach

out for community activities.

Stay on the Herd Path and come to class! Class attendance is more important to your success than your high school GPA, your class standing, or your ACT/SAT scores.

In order to graduate on time, you need to take an average of 15 credits per semester. Are you on track? Take 15 to Finish.

Take a pulse check. Know what you need to do every year to keep your grants, scholarships, or federal financial aid.

Attend an intercultural festival or event on campus or in town.

YEAR TWO

YEAR THREE

Develop relationships with professors who can serve as future references by attending their office hours.

Run for Student Government and

represent your fellow students

while making a long-term

difference on Marshall's campus.

Don't enter your field with zero

experience! Secure an internship

related to your field of study.

Develop a study strategy for optional certification exams. Discuss with your faculty advisor.

Are you on track to graduate? Meet with your advisor for your Junior Eval to make sure you know what requirements you have left.

Networking is key! Attend a employers in your field.

Strengthen your resume and enhance your presentation skills. Present what you've learned at an academic conference off campus.

Prepare to present at the URDC

Undergraduate Research and CS

Symposium in April.

Career Expo to seek employment opportunities and network with

YEAR FOUR

Are you completing enough credits to graduate on time? Dropping or failing a class can put you behind. Use summer terms to quickly get back on track.

Join the Marshall Mentor Network

and connect with professionals in

your field to discuss your major,

career path, and more.

Want to continue your education

and increase your opportunities?

Talk to a faculty member about

whether graduate school fits you

career goals.

Apply to be a New Student Orientation Leader or a Campus Tour Guide.

Did you do really well in a hard course? Become a Tutor or a Supplemental Instructor.

No need to wait until graduate school. Discuss undergraduate research opportunities with faculty in your major right now.

This is it! Are you on track to graduate? Meet with your advisor for your Senior Eval to see what requirements you have left.

Think about who can help you grow as a student and a professional (professors, advisors, alumni, etc) and ask at least one to be your mentor.

Explore peer leadership opportunities through the FAM program, or apply to be a UNI Peer Mentor

Take a senior project class with Community Based Learning that connects course content to the community. Stay engaged and make a difference.

Talk to faculty about pursuing optional professional certifications.

Be at the top of your professional game! Prepare a final resume and practice your interview skills with a career coach in Career Education.
