CURRICULUM PLAN COLLEGE OF SCIENCE 2019-2020 PHYSICS APPLIED PHYSICS REQUIREMENTS

MY ADVISOR'S NAME IS:

CORE CURRICULUM The Core Curriculum is designed to foster critical thinking skills and introduce students to basic domains of thinking that transcend disciplines. The Core applies to all majors. Information on specific classes in the Core can be found at marshall.edu/gened.

MAJOR-SPECIFIC

All Applied Physics majors are required to take the following courses:

CODE	COURSE NAME		HRS	GRADE		CODE	COURSE NAME		HRS	GRADE
CHM 211	Principles of Chemistry I	•	3		-	PHY 304	Optics	•	3	
CHM 217	Principles of Chemistry I Lab	•	2		-	PHY 405	Optics Lab	•	2	
CHM 212	Principles of Chemistry II	•	3		-	PHY 300	Electricity & Magnetism	•	3	
CHM 218	Principles of Chemistry II Lab	•	2		-	PHY 330	Mechanics	•	4	
ENGR 111	Engineering Computations	•	3		•	PHY 320	Intro Modern Physics	•	3	
CIT 163	Programming Practicum	•	3		-	PHY 421	Modern Physics Lab	•	2	
CIT 236	Data Structures	•	3			PHY 425	Solid State Physics	•	3	
CIT 238	Algorithms	•	2		•	PHY 442	Quantum Mechanics	•	3	
MTH 230	Calculus/Analytical Geom II	٠	4			PHY 444	Advanced Laboratory	•	2	
MTH 231	Calculus/Analytical Geom III	٠	4			PHY 445	Math Methods of Physics	•	3	
MTH 335	Ordinary Diff Equations	٠	3			PHY 446	Math Methods of Physics II	•	3	
PHY 211	University Physics	•	4			PHY	Capstone	• •	2	
PHY 202	General Physics I Lab	٠	1			491/492				
PHY 213	University Physics II	٠	4				PHY Elective (PHY 314/415 Rec.)	•	5	
PHY 204	General Physics II Lab	٠	1				Free Elective		3	
PHY 308	Thermal Physics	•	3				Free Elective		3	

- Students are required to know and track their degree requirements for graduation or for entrance to a professional school.
- · In addition to the Core General Education requirements, the College of Science requires 3 hours of Calculus, and 40 hours of upper level credit.
- Coursework listed as "elective" may vary for each student. Students are encouraged to use elective hours toward a 2nd minor or toward prerequisities.
- Students are strongly encouraged to select courses that meet two or more Core or College requirements. For example, a writing intensive literature course could satisfy the Core II Humanities requirement as well as the university writing intensive requirement.
- Course offerings and course attributes are subject to change each semester. Please consult each semester's schedule of courses for availability and attributes.
- Math is based on an ACT Mathematics score of 27 or higher. Students with

an ACT Mathematics score less than 27 will be placed in the appropriate prerequisite mathematics and science courses.

- In order to graduate, students must maintain a 2.00 Overall GPA and receive a grade of C or better in each course required for the major.
- Advanced physics courses are offered every two to three semesters; check with the Physics Department for availability.

of study.

• Let the Department Chair know if you have an interest in a particular elective course as soon as possible.

FOUR YEAR PLAN COLLEGE OF SCIENCE 2019-2020 PHYSICS **APPLIED PHYSICS**

A course of study in physics, resulting in a B.S. degree in physics, prepares students for a wide variety of opportunities, such as engineering careers in the private sector, careers in the health professions, employment in industry and government laboratories, advanced technology jobs in science and technology related fields, and careers as science teachers. The B.S. degree program is also excellent preparation for advanced degrees in physics, astronomy, engineering, medicine, or law. The Applied Physics major is designed for those who are interested in future study or work in an applied physics or engineering field.

INVOLVEMENT OPPORTUNITIES

- SGA
- Campus Activity Board
- JMELI
- Commuter Student Advisory Board
- Community Engagement Ambassadors
- Club Sports
- Religious Organizations
- Political Organizations
- Residence Hall Association
- Cultural Organizations
- National Society of Leadership and Success
- Greek Life

RELATED MAJORS

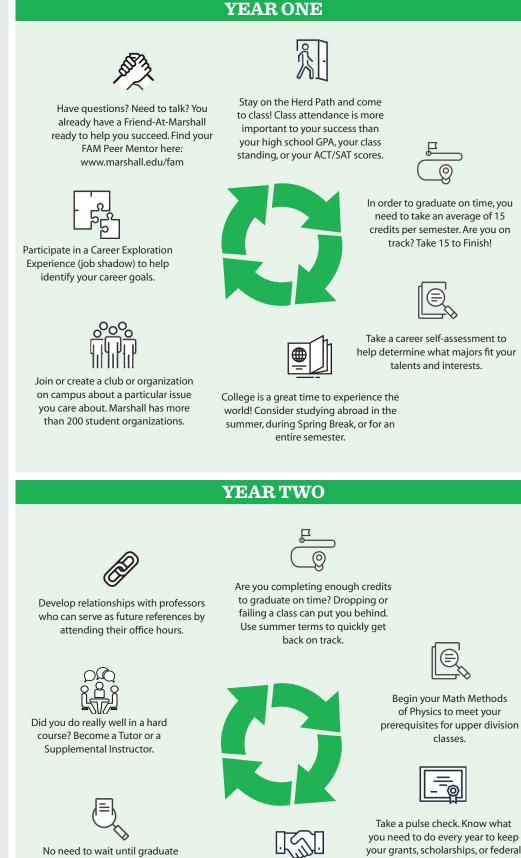

- Mechanical Engineering
- Civil Engineering
- Safety Technology
- Computer Science
- Chemistry
- Biology

GRADUATION REOUIREMENTS

- Have a minimum of 120 credit hours (some colleges or majors require more); · Have an overall and Marshall Grade Point
- Average of 2.00 or higher; • Have an overall Grade Point Average of 2.00
- or higher in the major area of study;
- Have earned a grade of C or better in English 201 or 201 H;
- Have met all major(s) and college requirements;
- Have met the requirements of the Core Curriculum
- Have met the residence requirements of Marshall University, including 12 hours of 300/400 level coursework in the student's college (see section entitled "Residence Requirements" in the undergraduate cataloque);
- Be enrolled at Marshall at least one semester of the senior year;
- Have transferred no more than 72 credit hours from an accredited West Virginia twoyear institution of higher education.

Colleges and specific programs may have unique requirements that are more stringent than those noted above. Students are responsible for staying informed about and ensuring that they meet the requirements for graduation.

This academic map is to be used as a guide in planning your coursework toward a degree. Due to the complexities of degree programs, it is unfortunate but inevitable that an error may occur in the creation of this document. The official source of degree requirements at Marshall University is DegreeWorks available in your myMU portal. Always consult regularly with your advisor.

APPLIED PHYSICS – 2019-2020

YEAR THREE

comptetitions and awards.

Complete graduate admissions

exams (GRE, MCAT, LSAT) the summer

before your senior year.

Apply to be a New Student

Orientation Leader or a Campus

Tour Guide.

Meet with a career education specialist to conduct a "gap analysis." Figure out the skills you'll need for the career you want while you still have time to build them.

Want to continue your education and increase your opportunities? Talk to a faculty member about whether graduate school fits your career goals.

YEAR FOUR

This is it! Are you on track to graduate? Meet with your advisor for your Senior Eval to see what requirements you have left.

Strengthen your resume and enhance your presentation skills. Present what you've learned at an academic conference off campus.

Did you do really well in a hard course? Become a Tutor or a Supplemental Instructor.

Be at the top of your professional game! Prepare a final resume and practice your interview skills with a career coach in Career Education.

Prepare to present at Physics

Department Research and Convocation Day and CoS Research EXPO in April.

Take a pulse check. Know what you need to do every year to keep your grants, scholarships, or federal financial aid.

Think about who can help you grow as a student and a professionalprofessors, advisors, alumni, etc. and ask at least one to be your mentor.

school. Discuss undergraduate

research opportunities with faculty

in your major right now.

Are you on track to graduate? Meet with your advisor for your Junior Eval to make sure you know what requirements you have left.

Take an elective course that links diversity to your field of study.

TRANSFERABLE SKILLS ASSOCIATED WITH THIS MAJOR

- Mathematical Ability
- Scientific Ability
- Attention to Detail
- Strong Oral and Written Communication Skills
- Organizational Skills

ASSOCIATED CAREERS

- Accoustical Physics
- Astronomy
- Astrophysics Biophysics
- Chemical Physics
- Research and Development
- Nuclear Physics
- High Energy Physics
- Science Education

Networking is key! Attend a Career Expo to seek employment opportunities and network with employers in your field.

Participate in Department of Physics outreach events with local high school students. Stay engaged and make a difference.
