Ron & Sandy Cohen Business Professionalism Speaker Series

The Business Professionalism Speaker Series is a professional enrichment program offered by Marshall University's Lewis College of Business and Brad D. Smith Schools of Business.

The series allows students to make the connection between classroom learning and real-world business applications through meeting experienced and successful business people.

Students who complete the program receive a formal printed certificate, an engraved padfolio, and 50th Anniversary lapel pin.

The theme of this year's business professionalism series was: "Career Readiness On Day One". In other words, our goal was to assist students with learning important competencies desired by employers as defined by the National Association of Colleges and Employers (NACE). Students were encouraged to develop skills through a number of college events, creating co-curricular experiences that ensure maximum student engagement.

CERTIFICATE REQUIREMENTS

- Attend five events of the Business Professional Speaker Series.
- Post an approved resume on JobTrax with Career Services.
- Attend the Career Fair and the Etiquette Dinner.
- Develop a LinkedIn profile and join the Lewis College of Business LinkedIn page.

The Business Professionalism Speaker Series was sponsored by Ron and Sandy Cohen in 2017. Mr. Cohen's goal is to create opportunities where business professionals and mid level managers can connect with Marshall University's business students. Each presentation provides a forum where business professionals can share their path to success, and inspire students who are preparing for their business careers.

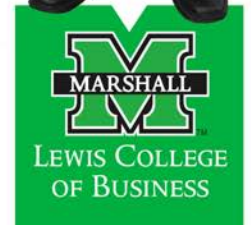

Since its conception the program has continued to grow. In fact, during the 2017-18 academic year approximately 100 students completed the program compared to over 150 students earning certificates in the 2018-19 year. Additionally, yearly attendance has increased with a little over 1,000 students attending during 2017-18 and nearly 1,250 participating in program events.

As a mechanism to create campus-wide opportunity to learn about business careers and prepare students for the job search, we invite all Marshall students and the campus community to engage since our speaker series in 2018-19 had something for everyone!

For more information about the series please feel free to contact the Director of Stakeholder Engagement Glen Midkiff by email at midkiff2@marshall.edu or by calling 304-696-3431.

Benefits of the Cohen Business Professionalism Certificate Program

- Extremely practical presentations and workshops equip students with a variety of tools to help them project their utmost professional identity--and secure the best possible internships and jobs.
- Contributions from Marshall Alumni & Friends, and business professionals, cover many sectors of business and industry.
- A wealth of interactive tools from the Office of Career Education guide student development in students' journey of self-discovery as they discern their own interests, strengths and career objectives.
- A resume workshop with numerous examples and styles help students assess and develop their own resume that is right for them.
- Practical advice on every aspect associated with looking for a job: networking, handshaking, dressing, taking a meal during an interview, attending professional receptions and following up after an interview.

**Thank you for inviting me to speak
at the Cohen Business
Professionalism Speaker Series
last year. After the talk, a business
student introduced himself and
later interviewed for an available
position with our organization. I'm
delighted to report he has
advanced from intern to an

ABOUT

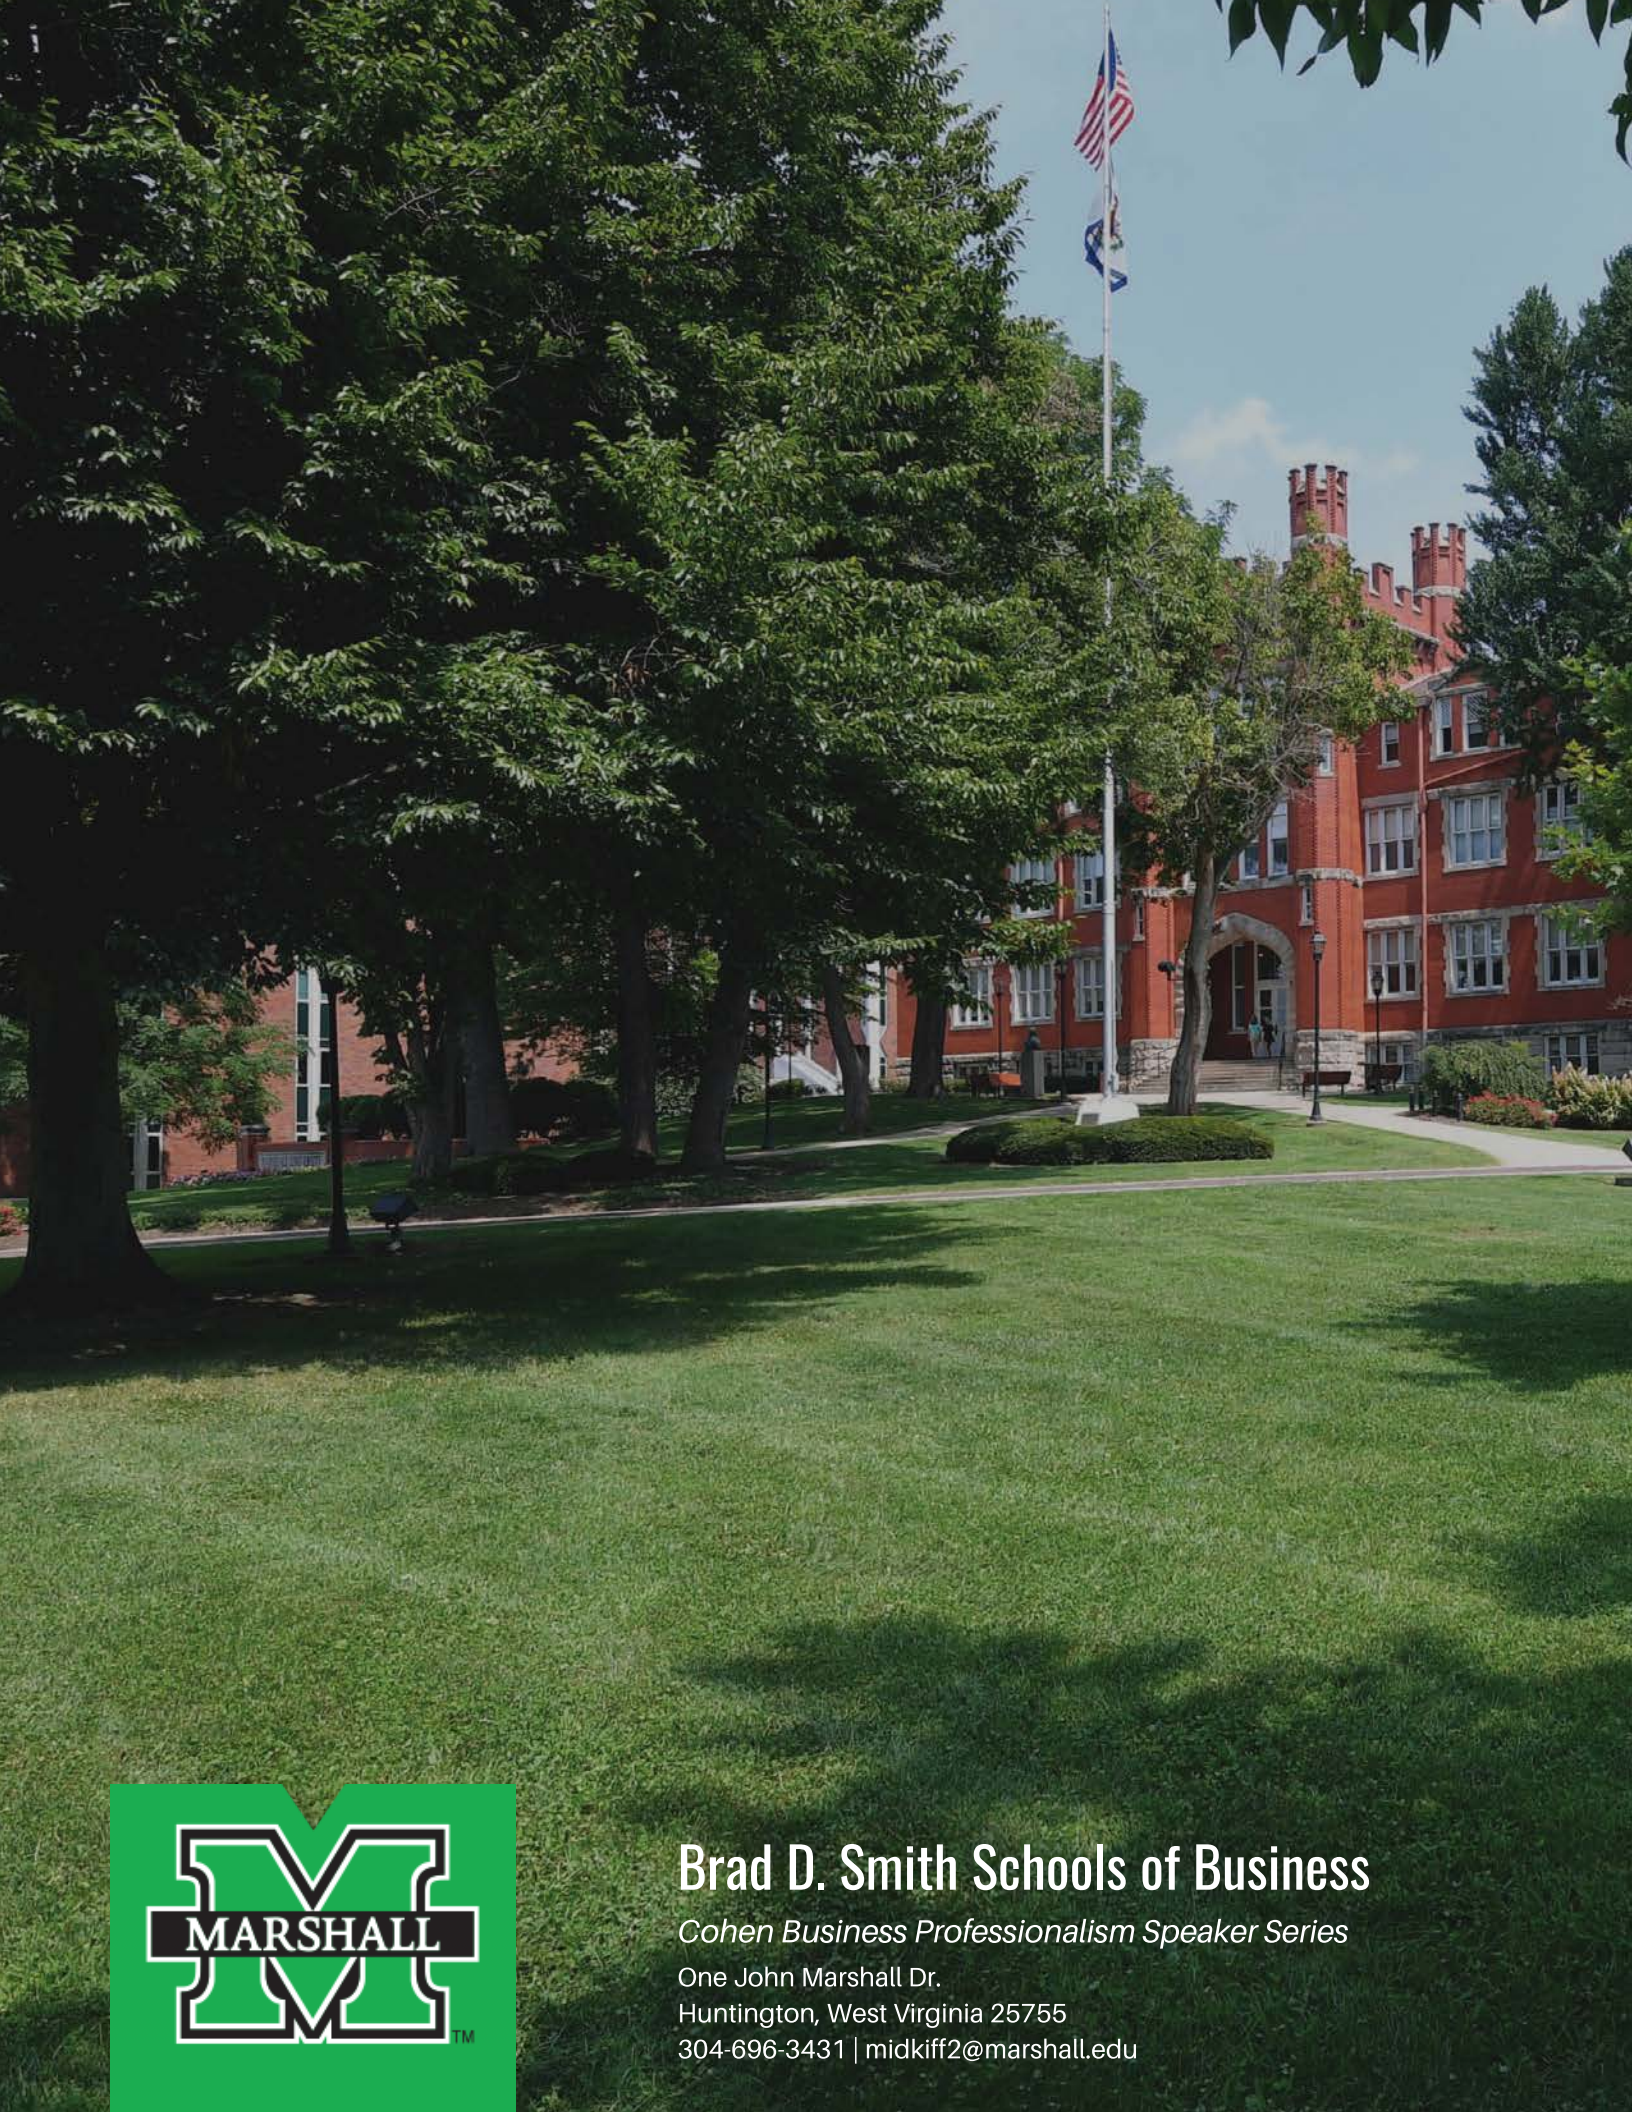

THE COLLEGE & SCHOOLS

ABOVE

Rendering of the future Brad D. Smith Center for Business and Innovation

Established as a separate unit of Marshall University in 1969, the Elizabeth McDowell Lewis College of Business has over 50 full-time faculty members and holds the prestigious Association to Advance Collegiate Schools of Business (AACSB) accreditation. In 1996, the college was named in honor of Lewis, a benefactor of the college. In 2018, in recognition of Brad and Alys Smiths' generous gift, the college named its undergraduate and graduate schools the Brad D. Smith Undergraduate School of Business and the Brad D. Smith Graduate School of Business, respectively.

Our College & Schools have produced over 12,000 successful alumni all across the globe from Intuit Executive Chairman Brad Smith to the Governor of our great state, Jim Justice. With an exciting variety of degree programs to choose from, we have positioned our students to become the business leaders of West Virginia and the world. We are proud of all of our graduates and the positive footprint they make in business, the economy and in their communities. The Sons and Daughters of Marshall University have gone on to become industry leaders in Fortune 500 companies, politics, health care, real estate, and technology, just to name a few.
