2.13 "Solicitation" means the notice of an opportunity to supply the University with goods and services.

2.14 "State" means the State of West Virginia and/or any of its agencies, commissions, boards, departments or divisions as context requires.

2.15 "University" means Marshall University or Marshall.

2.16 "Vendor" or "Vendors" means any entity providing either a verbal or written bid in response to the solicitation, the entity that has been selected as the lowest responsible bidder, or the entity that has been awarded the Contract as context requires.

2.17 "Will", "Shall" and "Must" identifies a mandatory item or requirement that concludes the duty, obligation or requirement imposed is mandatory, as opposed to being directory or permissive.

3. CONTRACT TERM; RENEWAL; EXTENSION: The term of the Contract shall be determined in accordance with the category that has been identified as applicable to the Contract below:

Term Contract

Initial Contract Term: The Contract becomes effective on upon award and extends for a period of one (1) year(s).

Renewal Term: The Contract may be renewed upon the mutual written consent of the University and the Vendor. Any request for renewal should be submitted to the University thirty (30) days prior to the expiration date of the initial contract term or appropriate renewal term. A Contract renewal shall be in accordance with the terms and conditions of the original contract. Renewal of the Contract is limited to four (4) successive one (1) year periods or multiple renewal periods of less than one year, provided that the multiple renewal periods do not exceed forty-eight (48) months in total. Automatic renewal of the Contract is prohibited.

Any language that seeks to automatically renew, modify, or extend the Contract beyond the initial term or automatically continue the Contract period from term to term is deleted. The Contract may be renewed or continued only upon mutual written agreement of the Parties.

- Alternate Renewal Term** – This contract may be renewed for _____ successive _____ year periods or shorter periods provided that they do not exceed the total number of months contained in all available renewals. Automatic renewal of this Contract is prohibited. Renewals must be approved by the Vendor and Agency.
- Fixed Period Contract:** The Contract becomes effective upon Vendor’s receipt of the notice to proceed and must be completed within _____.
- Fixed Period Contract with Renewals:** The Contract becomes effective upon Vendor’s receipt of the notice to proceed and part of the Contract must be completed within _____ days. Upon completion, the Vendor agrees that maintenance, monitoring, or warranty services will be provided for _____ successive one-year periods or multiple periods of less than one year provided that the multiple renewal periods do not exceed _____ months in total.
- One-Time Purchase:** The term of the Contract shall run from the issuance of the Award Document until all the goods contracted for have been delivered, but in no event, will the Contract extend for more than one fiscal year.
- Other:** See attached.

4. NOTICE TO PROCEED: Vendor shall begin performance of the Contract immediately upon receiving notice to proceed unless otherwise instructed by the University. Unless otherwise specified, the fully executed Award Document will be considered notice to proceed.

5. QUANTITIES: The quantities required under the Contract shall be determined in accordance with the category that has been identified as applicable to the Contract below.

- Open End Contract:** Quantities stated in the solicitation are approximations only, based on estimates supplied by the University. It is understood and agreed that the Contract shall cover the quantities ordered for delivery during the term of the Contract, whether more or less than the quantities shown.
- Service:** The scope of the service to be provided will be more clearly defined in the specifications included herewith.

Revised: 10/12/21

- Combined Service and Goods:** The scope of the service and deliverable goods to be provided will be more clearly defined in the specifications included herewith.
- One-Time Purchase:** The Contract is for the purchase of a set quantity of goods that are identified in the specifications included herewith. Once those items have been delivered, no additional goods may be procured under the Contract without an appropriate change order approved by the Vendor, University, and/or when necessary, the Attorney General's office.

6. EMERGENCY PURCHASES: The Chief Procurement Officer may suspend the use of a university wide mandatory contract (the University's Office of Purchasing has created standard specifications that are establish University wide contracts for commonly used commodities and services that are needed on a repetitive basis), or the competitive bidding process to allow a Department to purchase goods or services in the open market if for immediate or expedited delivery in an emergency.

Emergencies shall include, but are not limited to, delays in transportation or an unanticipated increase in the volume of work, provided that a required University emergency purchase with another vendor does not cause a breach of contract.

7. REQUIRED DOCUMENTS: All the items checked below must be provided to the University by the Vendor as specified below.

- BID BOND (Construction Only):** Pursuant to the requirements contained in W. Va. Code § 5-22-1(c), All Vendors submitting a bid on a construction project shall furnish a valid bid bond in the amount of five percent (5%) of the total amount of the bid protecting the State of West Virginia. The bid bond must be submitted with the bid.
- PERFORMANCE BOND:** The apparent successful Vendor shall provide a performance bond in the amount of 100% of the contract. The performance bond must be received by the Marshall University Office of Purchasing Office prior to Contract award.
- LABOR/MATERIAL PAYMENT BOND:** The apparent successful Vendor shall provide a labor/material payment bond in the amount of 100% of the Contract value. The labor/material payment bond must be received by the Marshall University Office of Purchasing Office prior to Contract award.
- MAINTENANCE BOND:** The successful Vendor shall provide a two (2) year maintenance bond covering the roofing system. The maintenance bond must be issued and received by the Marshall University Office of Purchasing Office prior to Contract award.
- LICENSE(S) / CERTIFICATIONS / PERMITS:** In addition to anything required under the Section entitled Licensing, of the General Terms and Conditions, the Vendor shall furnish proof of the following licenses, certifications, and/or permits prior to Contract award, in a form acceptable to the University.

Revised: 10/12/21

INSERT ADDITIONAL CONDITIONS BELOW:

The apparent successful Vendor shall also furnish proof of any additional licenses or certifications prior to Contract award regardless whether that requirement is listed above.

8. INSURANCE: The Vendor shall furnish proof of the insurance identified by a checkmark below prior to Contract award. Subsequent to contract award, and prior to the insurance expiration date, Vendor shall provide the University with proof that the insurance mandated herein has been continued. Vendor must also provide with immediate notice of any changes in its insurance policies mandated herein, including but not limited to, policy cancelation, policy reduction, or change in insurers. The insurance coverages identified below must be maintained throughout the life of the contract. The Vendor shall also furnish proof of any additional insurance requirements prior to the Contract award regardless of whether that insurance requirement is listed in this section.

Any provisions requiring the University to maintain any type of insurance for either of its or the Vendors benefit is deleted.

Vendor must maintain:

- Commercial General Liability Insurance** in at least an amount of: \$1,000,000 per occurrence and an aggregate of \$3,000,000.
- Automobile Liability Insurance** in at least an amount of: \$1,000,000 per occurrence and an aggregate of \$3,000,000.
- Professional/Malpractice/Errors and Omission Insurance** in at least an amount of: _____ per occurrence and an aggregate of _____.
- Commercial Crime and Third-Party Fidelity Insurance** in an amount of: _____ per occurrence and an aggregate of _____.
- Cyber Liability Insurance** in an amount of: _____ per occurrence and an aggregate of _____. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Vendor in performance of the Contract and shall include, but not limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations.

Revised: 10/12/21

Builders Risk Insurance in an amount equal to 100% of the amount of the Contract.
_____ per occurrence and an aggregate of _____.

9. WORKERS' COMPENSATION INSURANCE: The apparent successful Vendor shall comply with laws relating to workers compensation, shall maintain workers' compensation insurance when required, and shall furnish proof of workers' compensation insurance upon request.

10. LIQUIDATED DAMAGES: This clause shall in no way be considered exclusive and shall not limit the University's right to pursue any other available remedy. Vendor shall pay liquidated damages in the amount specified below or as described in the specifications:

_____ for _____

Liquidated Damages Contained in the Specifications

11. ACCEPTANCE: Vendor's signature on the certification and signature page, constitutes an offer to the University that cannot be unilaterally withdrawn, signifies that the product or service proposed by Vendor meets the mandatory requirements for that product or service, unless otherwise indicated, and signifies acceptance of the terms and conditions unless otherwise indicated.

12. STATUTE OF LIMITATIONS - Any clauses limiting the time in which the State may bring suit against the Vendor or any other third party are deleted.

13. PRICING/BEST PRICE GUARANTEE: The pricing set forth herein is firm for the life of the Contract, unless specified elsewhere within this Solicitation by the University. A Vendor's inclusion of price adjustment provisions in its bid, without an express authorization in the Solicitation to do so, may result in bid disqualification. Notwithstanding the foregoing, Vendor must extend any publicly advertised sale price to the University and invoice at the lower of the contract price or the publicly advertised sale price.

14. PAYMENT IN ARREARS: Payments for goods/services will be made in arrears only upon receipt of a proper invoice, detailing the goods/services provided or receipt of the goods/services, whichever is later. Notwithstanding the foregoing, payments for software licenses, subscriptions, or maintenance may be paid annually in advance.

15. PAYMENT METHODS: The Vendor must accept payment by electronic funds transfer or P-Card for payment of all orders under this Contract unless the box below is checked.

Vendor is not required to accept the State of West Virginia's P-Card or by electronic funds transfer as payment for all goods and services for the reason(s) stated below:

Revised: 10/12/21

16. ADDITIONAL FEES: Vendor is not permitted to charge additional fees or assess additional charges that were not either expressly included in the unit price or lump sum bid amount that Vendor is required by the solicitation to provide. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract. Any references contained in the Contract, Vendor's bid, or in any American Institute of Architects documents obligating the University to pay to compensate Vendor, in whole or in part, for lost profit, pay a termination fee, pay liquidated damages if the Contract is terminated early, seeking to accelerate payments in the event of Contract termination, default, or non-funding, costs of collection, court costs, or attorney's fees, unless ordered by a court of competent jurisdiction is hereby deleted. Any language imposing and interest or charges due to late payment is deleted.

17. FEES OR COSTS: Any language obligating the State to pay costs of collection, court costs, or attorney's fees, unless ordered by a court of competent jurisdiction is deleted.

18. RISK SHIFTING: Any provision requiring the State to bear the costs of all or a majority of business/legal risks associated with this Contract, to indemnify the Vendor, or hold the Vendor or a third party harmless for any act or omission is hereby deleted.

19. LIMITING LIABILITY: Any language limiting the Vendor's liability for direct damages is deleted.

20. TAXES: The Vendor shall pay any applicable sales, use, personal property or other taxes arising out of the Contract and the transactions contemplated hereby. The University is exempt from federal and state taxes and will not pay or reimburse such taxes. The University will, upon request, provide a tax-exempt certificate to confirm its tax-exempt status.

21. FISCAL YEAR FUNDING: The Contract shall continue for the term stated herein, contingent upon funds being appropriated by the WV Legislature or otherwise being made available for this Contract. In the event funds are not appropriated or otherwise available, the Contract becomes of no effect and is null and void after June 30 of the current fiscal year. If that occurs, the University may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

22. CANCELLATION/RIGHT TO TERMINATE: The University reserves the right to cancel/terminate the Contract immediately upon written notice to the Vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The University may also cancel any purchase or Contract upon thirty (30) days written notice to the Vendor. In the event of early cancellation, the University agrees to pay the Vendor only for all undisputed services rendered or goods received before the termination's effective date. All provisions are delete that seek to require the State to (1) compensate Vendor, in whole or in part, for loss profit, (2) pay a termination fee, or (3) pay liquidated damages if the Contract is terminated early.

In the event that a vendor fails to honor any contractual term or condition, the Chief Procurement Officer may cancel the contract and re-award the contract to the next lowest responsible and responsive bidder in accordance with the Marshall University Board of Governors Policy No. FA-9 Purchasing Policy, section 7.4.1

Revised: 10/12/21

Any language seeking to accelerate payments in the event of Contract termination, default or non-funding is hereby deleted.

23. RIGHT OF FIRST REFUSAL Any language seeking to give the Vendor a Right of First Refusal is hereby deleted.

24. DISPUTES – Any language binding the University to any arbitration or to the decision of any arbitration board, commission, panel, or other entity is deleted; as is any requirement to waive a jury trial.

Any language requiring or permitting disputes under this Contract to be resolved in the courts of any state other than the State of West Virginia is deleted. All legal actions for damages brought by Vendor against the University shall be brought in the West Virginia Legislative Claims Commission. Other causes of action must be brought in the West Virginia Court authorized by statute to exercise jurisdiction over it.

Any language requiring the State to agree to, or be subject to, any form of equitable relief not authorized by the Constitution or laws of State of West Virginia is deleted.

25. TIME: Time is of the essence with regard to all matters of time and performance in the Contract.

26. DELIVERY -All deliveries under the Contract will be FOB destination unless the State expressly and knowingly agrees otherwise. Any contrary delivery terms are hereby deleted.

27. APPLICABLE LAW: The Contract is governed by and interpreted under West Virginia law without giving effect to its choice of law principles. Any information provided in specification manuals, or any other source, verbal or written, which contradicts or violates the West Virginia Constitution, W. Va. Code or Marshall University Board of Governors Policy No. FA-9 Purchasing Policy is void and of no effect. Any language requiring the application of the law of any state other than the State of West Virginia in interpreting or enforcing the Contract is deleted. The Contract shall be governed by the laws of the State of West Virginia

28. COMPLIANCE WITH GOVERNING LAWS: Vendor shall comply with all applicable federal, state, and local laws, regulations and ordinances. By submitting a bid, Vendor acknowledges that it has reviewed, understands, and will comply with all applicable laws, regulations, and ordinances. Vendor shall notify all subcontractors providing commodities or services related to this Contract that, as subcontractors, they too are required to comply with all applicable laws, regulations, and ordinances.

29. ARBITRATION: Any references made to arbitration contained in the Contract, Vendor's bid, or in any American Institute of Architects documents pertaining to the Contract are hereby deleted, void, and of no effect.

30. MODIFICATIONS: Notwithstanding anything contained in the Contract to the contrary, no modification of the Contract shall be binding without mutual written consent of the University, and the Vendor.

31. AMENDMENTS - The parties agree that all amendments, modifications, alterations or changes to the Contract shall be by mutual agreement, in writing, and signed by both parties. Any language to the contrary is deleted.

Revised: 10/12/21

32. NO WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of the Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

Any provisions requiring the University to waive any rights, claims or defenses is hereby deleted.

33. SUBSEQUENT FORMS: The terms and conditions contained in the Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the University such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.

34. ASSIGNMENT: Neither the Contract nor any monies due, or to become due hereunder, may be assigned by the Vendor without the express written consent of the University and any other government or office that may be required to approve such assignments.

The Vendor agrees not to assign the Contract to any person or entity without the State's prior written consent, which will not be unreasonably delayed or denied. The State reserves the right to assign this Contract to another State agency, board or commission upon thirty (30) days written notice to the Vendor. These restrictions do not apply to the payments made by the State. Any assignment will not become effective and binding upon the State until the State is notified of the assignment, and the State and Vendor execute a change order to the Contract.

35. WARRANTY: The Vendor expressly warrants that the goods and/or services covered by the Contract will: (a) conform to the specifications, drawings, samples, or other description furnished or specified by the University; (b) be merchantable and fit for the purpose intended; and (c) be free from defect in material and workmanship.

36. UNIVERSITY EMPLOYEES: University employees are not permitted to utilize the Contract for personal use and the Vendor is prohibited from permitting or facilitating the same.

37. PRIVACY, SECURITY, AND CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the University, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the University's policies, procedures, and rules.

Proposals are NOT to be marked as confidential or proprietary Any Provisions regarding confidential treatment or non-disclosure of the terms and conditions of the Contract are hereby deleted. State contracts are public records under the West Virginia Freedom of Information Act ("FOIA") (W.Va. Code §29B-1-1, et. seq.) and public procurement laws. This Contract and other public records may be disclosed without notice to the vendor at the University's sole discretion. The University shall not be liable in any way for disclosure of any such records

Revised: 10/12/21

Any provisions regarding confidentiality of or non-disclosure related to contract performance are only effective to the extent they are consistent with FOIA and incorporated into the Contract through a separately approved and signed non-disclosure agreement.

38. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of W. Va. Code §18B-5-4 and the Freedom of Information Act in W.Va. Code Chapter 29B.

**DO NOT SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL,
CONTAINING A TRADE SECRET(S), OR IS OTHERWISE NOT SUBJECT TO
PUBLIC DISCLOSURE.**

Submission of any bid, proposal, or other document to the Marshall University Office of Purchasing constitutes your explicit consent to the subsequent public disclosure of the bid, proposal, or document.

39. LICENSING: Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local University of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state University or political subdivision. Upon request, the Vendor must provide all necessary releases to obtain information to enable the University to verify that the Vendor is licensed and in good standing with the above entities.

40. ANTITRUST: In submitting a bid to, signing a contract with, or accepting an Award Document from Marshall University, the Vendor agrees to convey, sell, assign, or transfer to the University all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by Marshall University. Such assignment shall be made and become effective at the time the University tenders the initial payment to Vendor.

41. THIRD-PARTY SOFTWARE: If this Contract contemplates or requires the use of third-party software, the vendor represents that none of the mandatory click-through, unsigned, or web-linked terms and conditions presented or required before using such third-party software conflict with any term of this Addendum or that it has the authority to modify such third-party software's terms and conditions to be subordinate to this Addendum. The Vendor shall indemnify and defend the State against all claims resulting from an assertion that such third-party terms and conditions are not in accord with, or subordinate to, this Addendum.

42. RIGHT TO REPOSSESSION NOTICE: Any provision for repossession of equipment without notice is hereby deleted. However, the State does recognize a right of repossession with notice.

43. VENDOR CERTIFICATIONS: By signing its bid or entering into the Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that the Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity

Revised: 10/12/21

that could be considered a violation of law; and (4) that it has reviewed the Contract in its entirety; understands the requirements, terms and conditions, and other information contained herein. Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the University. The individual signing this bid or offer on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or offer or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with the all State agencies as required.

44. VENDOR RELATIONSHIP: The relationship of the Vendor to the University shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by the Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the University for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing. Vendor shall hold harmless the State, and shall provide the State and University with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

45. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the University, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage, and hour laws.

46. PURCHASING AFFIDAVIT: In accordance with West Virginia Code §18B-5-5 and §5A-3-18 the University is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State, Vendors are required to sign, notarize, and submit the Purchasing Affidavit to the Marshall University Office of Purchasing affirming under oath that it is not in default on any monetary obligation owed to the state or a political subdivision of the state.

47. WEST VIRGINIA DRUG-FREE WORKPLACE CONFORMANCE AFFIDAVIT West Virginia Alcohol and Drug-Free Workplace Act requires public improvement contractors to have and implement a drug-free workplace policy that requires drug and alcohol testing. This act is applicable to any construction, reconstruction, improvement, enlargement, painting, decorating or repair of any public improvement let to contract for which the value of contract is over \$100,000. No public authority may award a public improvement contract which is to be let to bid to a contractor unless the terms of the contract require the

Revised: 10/12/21

contractor and its subcontractors to implement and maintain a written drug-free workplace policy and the contractor and its subcontractors provide a sworn statement in writing, under the penalties of perjury, that they maintain a valid drug-free workplace policy.

48. DISCLOSURE OF INTERESTED PARTIES A state agency may not enter into a contract, or a series of related contracts, that has/have an actual or estimated value of \$1,000,000 or more until the business entity submits to the contracting state agency a Disclosure of Interested Parties to the applicable contract.

49. CONFLICT OF INTEREST: Vendor, its officers, members, or employees shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the University.

50. MARSHALL UNIVERSITY'S INFORMATION TECHNOLOGY SERVICES AND SUPPORT DEPARTMENT (IT) FEES: If a vendor requires services through the Marshall University's IT Department, they must reimburse the University at the IT Rate Schedule which is located at: <https://www.marshall.edu/it/rates/>.

51. PUBLICITY: Vendor shall not, in any way or in any form, publicize or advertise the fact that Vendor is supplying goods or services to the University without the express written consent of the Marshall University Communications Department. Requests should be sent to ucomm@marshall.edu.

52. UNIVERSITY MARKS: Vendor shall not, in any way or in any form use the University's trademarks or other intellectual property without the express written consent of the Marshall University Communications Department. Requests should be sent to ucomm@marshall.edu.

53. INTELLECTUAL PROPERTY: The University will own all rights, title and interest in any and all intellectual property rights created in the performance or otherwise arising out of the agreement, and Vendor will execute any assignments of other documents necessary for the University to perfect such rights, provided that, for research collaboration pursuant to subcontracts under sponsored research agreements, intellectual property rights will be governed by the terms of the grant or contract to the University to the extent such intellectual property terms to apply to subcontractors.

54. FERPA: Vendor agrees to abide by the Family Education Rights and Privacy Act of 1974 ("FERPA). To the extent that Vendor receives personally identifiable information from education records as defined in (FERPA), Vendor agrees to abide by the limitations on re-disclosure set forth in which states that the officers, employees and agents of a party that receives education record information from Marshall may use the information, but only for the purposes for which the disclosure was made.

Revised: 10/12/21

55. REPORTS: Vendor shall provide the University with the following reports identified by a checked box below:

- Such reports as the University may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by University, etc.
- Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by University.

56. PREFERENCE FOR THE USE OF DOMESTIC STEEL PRODUCTS IN STATE CONTRACT PROJECTS: Pursuant to W.Va. Code §5A-3-56, (a)(1) Except when authorized pursuant to the provisions of subsection (b) of this section, no contractor may use or supply steel products for a state contract project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W.Va. Code §5A-3-56. As used in this section (2):

(A) "State contract project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of any materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after the effective date of this section on or after June 6, 2001.

(B) "Steel products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more of such operations, from steel made by the open hearth, basic oxygen, electric furnace, bessemer or other steel making process.

(b) Notwithstanding any provision of subsection (a) of this section to the contrary, the Director of the West Virginia Department of Administration, Purchasing Division ("Director of the Purchasing Division") may, in writing, authorize the use of foreign steel products if:

(1) The cost for each contract item used does not exceed one tenth of one percent of the total contract cost or \$2,500, whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

(2) The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

57. PREFERENCE FOR DOMESTIC ALUMINUM, GLASS AND STEEL PRODUCTS:

In Accordance with W. Va. Code § 5-19-1 et seq.,

(a) Every state spending unit, as defined in chapter five-a, shall require that every contract or subcontract for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works contain a provision that, if any aluminum, glass or steel products are to be supplied in the performance of the contract, or subcontract, only domestic aluminum, glass or steel products shall be supplied unless the spending officer, as defined in chapter five-a, determines, in writing, after the receipt of offers or bids, that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest or that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements: Provided,

Revised: 10/12/21

That this article applies to any public works contract awarded in an amount more than \$50,000, and with regard to steel only, this article applies to any public works contract awarded in an amount more than \$50,000 or requiring more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products.

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

Section 7 – Commercial Offer

Pricing is in USD and includes freight. This excludes applicable taxes that may be applied at time of order entry. A 1% Transportation Surcharge may be added to the pricing above. If tanks are included with this offering, additional equipment to monitor and optimize on-site chemical inventories may be included. A \$100 single item fee can be avoided by ordering multiple drums, bags and/or pails containers at a time. If the equipment quoted is supplied by a third party, additional lead time may be required before the equipment arrives. Please check with your Veolia Representative to confirm the arrival date.

Veolia's normal practice is to sell our chemical products by weight (KG or pounds). This ensures we deliver the stated quantity of product ordered as the containers containing our products are weighed during the filling process. If we provide pricing for our product(s) in liters, we cannot guarantee the containers we deliver will always be the exact volume stated on our invoice due to density variation due to temperature changes in the production process and shipment to the site. Veolia will normalize our product batch formulations so our chemical delivered will reflect the volume stated on the invoice at a production and shipment temperature of 25° C.

Escalation:

Years 2 and 3 of this agreement will be subject to the following escalation clause:

Beginning 1 year following the contract start date, price shall be adjusted annually by the greater of: (i) 2%; or (ii) a combination of two BLS indices in which 50% of the payment amount shall be adjusted by an amount equal to the percentage increase of the Index for Chemicals and Allied Products (WPU06) and 50% of the payment amount shall be adjusted by an amount equal to the percentage increase of the Index for Total Private Average Hourly Earnings of Production – Workers Not Seasonally Adjusted (CEU0500000008). Both indices are reported by the US Dept. Labor Statistics - monthly for PPI & quarterly for CEU.

Hyperinflation

Notwithstanding any existing agreement, Veolia reserves the right at any time by notice in writing to (a) increase Prices (or impose temporary price adjustments) based on increases in the cost of base components for the goods or services provided, where the increase is due to increased global demand, limited supply, temporary product shortages, allocation of supply, or such other similar inflationary pressures; and (b) impose a surcharge equal to any increase in the cost of the goods or services as a result of a modification of exchange rates, taxes or other levies imposed by public authorities. Such price changes may be reversed as the inflationary pressures change. Upon request, Veolia will provide documentation in support of such price increases.

**STATE OF WEST VIRGINIA
ADDENDUM TO VENDOR'S STANDARD CONTRACTUAL FORMS**

State Agency, Board, or Commission (the "State"): Marshall University

Vendor: Veolia

Contract/Lease Number ("Contract"):

Commodity/Service:

The State and the Vendor are entering into the Contract identified above. The Vendor desires to incorporate one or more forms it created into the Contract. Vendor's form(s), however, include(s) one or more contractual terms and conditions that the State cannot or will not accept. In consideration for the State's incorporating Vendor's form(s) into the Contract, the Vendor enters into this Addendum which specifically eliminates or alters the legal enforceability of certain terms and conditions contained in Vendor's form(s). Therefore, on the date shown below each signature line, the parties agree to the following contractual terms and conditions in this Addendum are dominate over any competing terms made a part of the Contract:

1. **ORDER OF PRECEDENCE:** This Addendum modifies and supersedes anything contained on Vendor's form(s) whether or not they are submitted before or after the signing of this Addendum. **IN THE EVENT OF ANY CONFLICT BETWEEN VENDOR'S FORM(S) AND THIS ADDENDUM, THIS ADDENDUM SHALL CONTROL.**
2. **PAYMENT** – Payments for goods/services will be made in arrears only upon receipt of a proper invoice, detailing the goods/services provided or receipt of the goods/services, whichever is later. Notwithstanding the foregoing, payments for software licenses, subscriptions, or maintenance may be paid annually in advance. Any language imposing any interest or charges due to late payment is deleted.
3. **FISCAL YEAR FUNDING** – Performance of this Contract is contingent upon funds being appropriated by the WV Legislature or otherwise being available for this Contract. In the event funds are not appropriated or otherwise available, the Contract becomes of no effect and is null and void after June 30 of the current fiscal year. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.
4. **RIGHT TO TERMINATE** – The State reserves the right to terminate this Contract upon thirty (30) days written notice to the Vendor. If this right is exercised, the State agrees to pay the Vendor only for all undisputed services rendered or goods received before the termination's effective date. All provisions are deleted that seek to require the State to (1) compensate Vendor, in whole or in part, for lost profit, (2) pay a termination fee, or (3) pay liquidated damages if the Contract is terminated early.
Any language seeking to accelerate payments in the event of Contract termination, default, or non-funding is hereby deleted.
5. **DISPUTES** – Any language binding the State to any arbitration or to the decision of any arbitration board, commission, panel or other entity is deleted; as is any requirement to waive a jury trial.
Any language requiring or permitting disputes under this Contract to be resolved in the courts of any state other than the State of West Virginia is deleted. All legal actions for damages brought by Vendor against the State shall be brought in the West Virginia Claims Commission. Other causes of action must be brought in the West Virginia court authorized by statute to exercise jurisdiction over it.
Any language requiring the State to agree to, or be subject to, any form of equitable relief not authorized by the Constitution or laws of State of West Virginia is deleted.
6. **FEES OR COSTS:** Any language obligating the State to pay costs of collection, court costs, or attorney's fees, unless ordered by a court of competent jurisdiction is deleted.
7. **GOVERNING LAW** – Any language requiring the application of the law of any state other than the State of West Virginia in interpreting or enforcing the Contract is deleted. The Contract shall be governed by the laws of the State of West Virginia.
8. **RISK SHIFTING** – Any provision requiring the State to bear the costs of all or a majority of business/legal risks associated with this Contract, to indemnify the Vendor, or hold the Vendor or a third party harmless for any act or omission is hereby deleted.
9. **LIMITING LIABILITY** – ~~Any language limiting the Vendor's liability for direct damages to person or property is deleted.~~ *Neither Marshall nor Vendor shall be responsible to the other party for any incidental, special, consequential or indirect damages regardless of legal theory. Excluding damages caused by gross negligence or willful misconduct, violation of law(s), or injury to persons, and insurable claims covered under the insurance requirements of this agreement that arise from Vendor's negligence, the total liability of Vendor for all claims arising out of or relating to the performance or breach of the contract or*

use of any of the products or services shall not exceed \$250,000 (two hundred and fifty thousand dollars). Vendor agrees to provide Marshall with proof of insurance as required by this agreement upon request.

10. **TAXES** – Any provisions requiring the State to pay Federal, State or local taxes or file tax returns or reports on behalf of Vendor are deleted. The State will, upon request, provide a tax exempt certificate to confirm its tax exempt status.
11. **NO WAIVER** – Any provision requiring the State to waive any rights, claims or defenses is hereby deleted.
12. **STATUTE OF LIMITATIONS** – Any clauses limiting the time in which the State may bring suit against the Vendor or any other third party are deleted.
13. **ASSIGNMENT** – The Vendor and agrees not to assign the Contract to any person or entity without the State prior written consent, which will not be unreasonably delayed or denied. The State reserves the right to assign this Contract to another State agency, board or commission upon thirty (30) days written notice to the Vendor. These restrictions do not apply to the payments made by the State. Any assignment will not become effective and binding upon the State until the State is notified of the assignment, and the State and Vendor execute a change order to the Contract.
14. **RENEWAL** – Any language that seeks to automatically renew, modify, or extend the Contract beyond the initial term or automatically continue the Contract period from term to term is deleted. The Contract may be renewed or continued only upon mutual written agreement of the Parties.
15. **INSURANCE** – Any provision requiring the State to maintain any type of insurance for either its or the Vendor's benefit is deleted. *Vendor shall maintain types and amounts of insurance against loss or damage and such other risks as customarily insured against by businesses whose operations are comparable to those of the Vendor: (1) general liability insurance in an amount of \$1,000,000 per occurrence and \$3,000,000 aggregate, (2) auto insurance in an amount of \$1,000,000 and \$3,000,000 aggregate, (3) workers' compensation insurance in a minimum amount as required by applicable West Virginia state statute, with a waiver of subrogation in favor of Marshall for general and automobile insurances only. Vendor agrees to extend its existing general liability and auto liability insurance coverage to Marshall, but only to the extent of Vendor's negligence and its Indemnification obligations stated in this Agreement. Coverage under Vendor's policy does not extend to liability arising out of the additional insured's own negligence.*
16. **RIGHT TO REPOSSESSION NOTICE** – Any provision for repossession of equipment without notice is hereby deleted. However, the State does recognize a right of repossession with notice.
17. **DELIVERY** – All deliveries under the Contract will be FOB destination unless the State expressly and knowingly agrees otherwise. Any contrary delivery terms are hereby deleted.
18. **CONFIDENTIALITY** – Any provisions regarding confidential treatment or non-disclosure of the terms and conditions of the Contract are hereby deleted. State contracts are public records under the West Virginia Freedom of Information Act ("FOIA") (W. Va. Code §29B-a-1, et seq.) and public procurement laws. This Contract and other public records may be disclosed without notice to the vendor at the State's sole discretion.

Any provisions regarding confidentiality or non-disclosure related to contract performance are only effective to the extent they are consistent with FOIA and incorporated into the Contract through a separately approved and signed non-disclosure agreement.
19. **THIRD-PARTY SOFTWARE** – If this Contract contemplates or requires the use of third-party software, the vendor represents that none of the mandatory click-through, unsigned, or web-linked terms and conditions presented or required before using such third-party software conflict with any term of this Addendum or that it has the authority to modify such third-party software's terms and conditions to be subordinate to this Addendum. The Vendor shall indemnify and defend the State against all claims resulting from an assertion that such third-party terms and conditions are not in accord with, or subordinate to, this Addendum.

20. **AMENDMENTS** – The parties agree that all amendments, modifications, alterations or changes to the Contract shall be by mutual agreement, in writing, and signed by both parties. Any language to the contrary is deleted.

Notwithstanding the foregoing, this Addendum can only be amended by (1) identifying the alterations to this form by using *Italics* to identify language being added and ~~strike through~~ for language being deleted (do not use track-changes) and (2) having the Office of the West Virginia Attorney General’s authorized representative expressly agree to and knowingly approve those alterations.

REQUEST FOR PROPOSAL

(Marshall University and MU24WTRTREAT)

SECTION 4: PROJECT SPECIFICATIONS

- 4.1. Background and Current Operating Environment:** The water treatment program will include boiler systems, cooling towers, hot water loops, chilled water loops and Glycol loops. In addition, the water treatment program will include all chemical products, any required equipment, and professional consulting service to improve program safety, reduce risk, reduce fuel and electrical consumption; improve repair and maintenance costs, provide training for maintenance on implementation and control of the program, provide professional service, monitor program results, and communicate recommendations to University personnel.
- 4.2. Vendor Conduct:** If the conduct of any employee of the Vendor is adjudged a nuisance to the Owner or considered detrimental to the work, the Vendor shall order such employee or party removed immediately from the grounds.
- 4.3. Protection of Property and Personnel:** The Vendor shall take proper and adequate measures for the protection of all property and personnel while in the performance of work included in this proposal. Vendor shall be held responsible for the protection of all walks, drives, grounds, and building and glass surfaces. Any damage will be repaired at the expense of the Vendor.
- 4.4. Guarantee:** The Vendor shall guarantee the material and workmanship against defect due to faulty workmanship or negligence for a period of twelve (12) months following the final acceptance of the work. Where items of equipment or material carry a manufacturer's warranty for any period in excess of twelve (12) months, then the manufacturer's warranty shall apply for that particular piece of equipment or material. The Vendor shall replace such defective materials, equipment, or workmanship without cost to the Owner within the stipulated guarantee period.
- 4.5. Inspections:** Items or services may be tested and/or inspected for compliance with specifications. Items not in conformance with specifications may be rejected and returned at vendor's expense. Failure to meet program goals may result in termination of contract with 30 days notice.
- 4.6. Chemicals:** Chemicals used for water treatment must comply with all EPA, NC and DOT requirements, including packaging and labeling. The submitting vendor shall include MSD sheets and product bulletins/fact sheets with initial proposal for review.

A complete line of corrosion inhibitors, deposit control agents, and biocides appropriate to the requirements of the MU HVAC systems have been developed for use at Marshall University.

- 4.7. Project Goals and Mandatory Requirements:** Marshall University is seeking proposals from a qualified professional firm to provide water treatment services and maintenance including cleaning and de-scaling of boiler systems, cooling towers, bearing-cooling water loops, chilled water loops and hot water loops. In addition, the water treatment services and maintenance will include providing all chemical products and labor needed to achieve the scope of work. Marshall University will notify the vendor of new locations, when needed. The awarded vendor shall utilize all of the currently installed chemical feed or control equipment that is currently in operation at Marshall University. Any new equipment or operating parts shall be provided by the vendor at the request of Marshall University. Vendor should describe its approach and methodology to providing the service or solving the problem described by meet the goals/objectives identified below. Vendor's response should include any information about how the proposed approach is superior or inferior to other possible approaches.

- 4.7.1. Goals and Objectives** – The project goals and objectives are listed below.

MU24WTRTREAT Page 24

REQUEST FOR PROPOSAL

(Marshall University and MU24WTRTREAT)

4.7.1.1. Reduce fuel and electrical consumption through improved heat transfer efficiency by minimizing scale, corrosion, fouling, and microbiological growth, which create deposits on heat transfer surfaces.

4.7.1.2. minimize repair and maintenance costs associated with the replacement and cleaning of equipment due to scale, corrosion, fouling, or microbiological activity.

4.7.1.3. Provide professional, knowledgeable personnel to ensure the success of the maintenance plan.

4.7.1.4. Accurately monitor the results of the maintenance plan and communicate appropriate recommendations to the Marshall University point of contact.

4.7.1.5. Deliver, ongoing and as needed, technical training in a variety of formats, to support the implementation and control of the maintenance plan, to share new technical advances or updates and per request of Marshall University.

4.7.1.6. complete at a minimum, a monthly service visit to each location, and provide a field service report outlining recommendations and results to Marshall University point of contact upon each visit.

4.7.1.7. Provide scale and corrosion protection for condenser water systems, cooling towers, chillers and chilled water systems, steam boilers, deaerators, steam/condensate lines, closed bearing colling water loops, and heating hot water loops while maximizing efficiency performance.

4.7.1.8. Complete a fiberscope annual equipment inspection of all major het exchange equipment. Successful vendor must provide, after each annual inspection, a written statement of the condition of equipment, photographs of equipment internals and, if requested by Marshall University, a secondary inspection with additional pictures and video.

4.7.1.9. Provide installation and labor of any replacement parts or repairs to chemical treatment systems, which may include but not limited to; chemical feed pumps, conductivity controllers, blow down or control valves, shut off valves, fittings, tubing and valves, etc.

4.7.1.10. Offer in-house, full-time laboratory services.

4.7.2. Mandatory Project Requirements – The following mandatory requirements relate to the goals and objectives and must be met by the Vendor as a part of its submitted proposal. Vendor should describe how it will comply with the mandatory requirements and include any areas where its proposed solution exceeds the mandatory requirement. Failure to comply with mandatory requirements will lead to disqualification, but the approach/methodology that the vendor uses to comply, and areas where the mandatory requirements are exceeded, will be included in technical scores where appropriate. The mandatory project requirements are listed below.

4.7.2.1 Vendor and Vendor Representatives

(Marshall University and MU24WTRTREAT)

4.7.2.1.1. The successful vendor shall be primarily engaged in selling water treatment chemicals and services for boiler and cooling systems.

4.7.2.1.2. The successful vendor shall appoint two members of its company to represent the company in dealings with Marshall University. Representatives must be safety trained and certified in chemical handling associated with water treatment. *List name, phone number, years of experience in water treatment industry, and years with the vendor for each appointed representative Provide documentation to certify representatives training completion date, and follow-up on-going training. Provide the name and title of the individual and number of experience years in water chemistry who will supervise Marshall University's water treatment program and the number of personnel who will supervise the contract.*

4.7.2.1.3. Field service engineers are available any time to assist the University in the event of a system failure, control problem, or testing inconsistency.

4.7.2.1.4. Provide on-call field service representatives who can be contacted by any of the Marshall University maintenance staff. Representatives shall respond immediately to these calls, either by providing information resolving the problem, or by making a physical visit to the site. Cell phone and beeper numbers for assigned field engineers and alternates familiar with the systems will be maintained in the Physical Plant Operations office.

4.7.2.1.5. University shall provide one person to accompany vendor.

4.7.2.2 Training

4.7.2.2.1. Training of maintenance personnel shall be provided at no cost to the University whenever it is required. Several Water Treatment Seminars have been taught on campus.

4.7.2.2.2. Provide a one-two page summary of the training your firm can provide to our maintenance staff. *Samples of training materials must be included.*

4.7.2.3 Operator Manuals

4.7.2.3.1. Prepare and update detailed Operator Manuals for each location and system where water treatment products and support is provided. Marshall Universities' manuals are kept in the Maintenance Library located in the Assistant Directors office.

4.7.2.4. Reporting

4.7.2.4.1. Vendor shall provide to owner bi-weekly reports due 3 (three) days after inspections.

4.7.2.4.2. Vendor shall provide bi-weekly service visits to the MU campus and will

REQUEST FOR PROPOSAL MU24WTRTREAT Page 26

(Marshall University and MU24WTRTREAT)

submit printed service reports to university management and maintenance personnel as required. These reports will review the condition of each system, detail the water analysis, prescribe necessary changes and adjustments, and note current installed chemical inventories.

4.7.2.4.3. Vendor shall provide a written statement of the condition of all equipment made available for inspection

4.7.2.4.4. The vendor must present a yearly review of the treatment program and a final review ninety, (90) days prior to the expiration of the contract. Vendor's representative shall meet at these times with the designated representatives of the University to discuss all treatment programs, their effectiveness, and future objective.

4.7.2.4.5. Provide an example of reports.

4.7.2.5. Chemical Storage, Drum Handling and Disposal

4.7.2.5.1. To reduce the University's risk associated with drum handling, all product deliveries shall be made to the point of feed. Plastic and mild steel drums of any size are not acceptable. 5-gallon pails are not acceptable for biocides. To eliminate chemical handling by site personnel, all products must be capable of being fed neat (without dilution or contact) by our operators.

4.7.2.5.2. Chemical transport equipment must comply with DOT and any other regulatory agency requirements for transporting hazardous material.

4.7.2.5.3. Provide copies of your firms training program for chemical delivery personnel as well as photos of storage and handling equipment and indicate where similar systems are locally located.

4.7.2.6. Control Systems

4.7.2.6.1. Have the capability and experience to provide and install automated control systems that allow remote monitoring and adjusting of cooling and boiler systems. These systems also provide automatic callouts to our home office and to the assigned representative when a system goes out- of-limits or a failure occurs.

4.7.2.6.2. Provide example of how you will meet this requirement and current systems in place.

4.7.2.7. Safety Data Sheets (SDS)

4.7.2.7.1. Safety Data Sheets shall accompany all first time orders and the vendor shall operate an in house 24-hour, 7 day per week emergency phone number for emergency information regarding chemical spills and/or accidents involving your products.

REQUEST FOR PROPOSAL

(Marshall University and MU24WTRTREAT)

4.7.2.7.2. Provide a two-page summary of your Safety Data Sheet program; include your emergency phone number and a sample copy of your firm's Safety Data Sheets for a Biocide you might use at our site.

4.7.2.8. Delivery and Inventory

4.7.2.8.1. Deliveries of water treatment supplies must be between the hours of 8:00 A.M. and 5:00 P.M. Monday through Friday.

4.7.2.8.2. Vendor agrees to make delivery within three (3) to fourteen (14) business days after receipt of any valid order and delivery within 24 hours for emergency orders.

4.7.2.8.3. Routine service calls must be made between the same hours as those specified.

4.7.2.8.4. The vendor must offer "just-in-time" delivery of products and replacement of feed pump and control system parts within one (1) working day of receiving an order or being notified of a part or component failure.

4.7.2.8.5. Inventory of all replacement parts, probes, etc. and replacement metering and control equipment used on the Marshall University campus must be maintained in the successful bidder's facility.

4.7.2.7.6. Bidder must react the same day when a feed or control component failure is reported and normally proper operation is restored within 24 hours.

4.8. Qualifications and Experience: Vendor should provide information and documentation regarding its qualifications and experience in providing services or solving problems like those requested in this RFP. Information and documentation should include, but is not limited to, copies of any staff certifications or degrees applicable to this project, proposed staffing plans, descriptions of past projects completed (descriptions should include the location of the project, project manager name and contact information, type of project, and what the project goals and objectives were and how they were met.), references for prior projects, and any other information that vendor deems relevant to the items identified as desirable or mandatory below. The vendor shall be primarily engaged in selling water treatment chemicals and services for boiler and cooling systems. Company must have been in business for a minimum of 3 years and should be focused on the development of new technologies. *Please enclose a copy of your firm's annual report or equivalent (include a list of all U.S. and foreign patents relating to water treatment).*

4.8.1. Qualification and Experience Information: Vendor should describe in its proposal how it meets the desirable qualification and experience requirements listed below.

REQUEST FOR PROPOSAL

(Marshall University and MU24WTRTREAT)

4.8.1.1. Successful vendor shall be primarily engaged in selling water treatment chemicals and services for boiler and cooling systems.

4.8.1.2. Successful vendor and assigned staff shall hold and maintain any required licenses, certifications, and have experience in the services to be provided as contained in this Request for Proposal.

4.8.2. Mandatory Qualification/Experience Requirements – The following mandatory qualification/experience requirements must be met by the Vendor as a part of its submitted proposal. Vendor should describe how it meets the mandatory requirements and include any areas where it exceeds the mandatory requirements. Failure to comply with mandatory requirements will lead to disqualification, but areas where the mandatory requirements are exceeded will be included in technical scores where appropriate. The mandatory qualifications/experience requirements are listed below.

4.8.2.1. Provide specific examples of similar size projects within the previous five (5) years, including references and contact information.

4.8.2.2. Provide a reference list of customer accounts that were terminated with your company in the past five (5) years. Include contact information for these accounts.

4.8.2.3. Vendor shall submit a list of at least three customers handled by the representatives named above. These references should have systems similar in complexity and size to Marshall University. Marshall University reserves the right to contact or visit customers so listed and to disqualify vendors not performing satisfactory service. *Include the customer's name, address, contact name, phone number and email address*

4.9. Equipment Specifications

4.9.1. Cooling Towers

The open evaporative cooling systems at Marshall University range from the small 50-ton unit located at Jenkins Hall to the considerably larger dual 400 ton units located at the John Drinko Library. A close approximation of recirculation rates can be obtained by multiplying tonnage by a factor of three and it has been determined to standardize on a 10° F Δt (Δt = temperature drop across the tower).

Once establish optimum cycles of concentration are established, we can then mathematically combine these nine (9) cooling towers into one theoretical unit for establishing the system water balances that determine treatment costs. All systems use Huntington city water and four cycles of concentration will be used to calculate costs for bid purposes.

4.9.2. Steam Boilers

Of the University's total rated horsepower (1477), only 865 horsepower is normally being used. For cost projection purposes we will assume that the 865 horsepower normally used will be operated at 80% of this rated horsepower. This reasoning is based on the fact that, in most cases, each installation has two steam boilers installed but only one normally operates while the other boiler is on standby and the operating boiler normally operates between 50 to 100 percent of rated capacity. Boiler horsepower, if not specifically listed by the manufacturer, was obtained by dividing output BTU ratings by 33,500.

4.9.3. Hot & Chilled Closed Loops

The University has approximately 41 closed loops utilizing chemically treated water and four loops using inhibited ethylene glycol. Presently, the volume of all loops is in the process of being obtained and documented. Computer calculation of pipe volumes and associated equipment (expansion tanks, air handler and heating coils, condenser heat exchangers, etc.) are being performed when physical data is available and chemical volume determination methods are being used when physical data is not available.

Technical Questions and Answers

ADDENDUM 01 ATTACHMENT A

- Q1.** Do you have an advertisement for bid sheet?
- A1.** MU24WTRTREAT was advertised through the [BonFire™](#) portal and on the [Office of Purchasing's webpage](#).
- Q2.** Can you send me a copy of the Plans and Specifications? (I know the pre-bid is on Monday next week)
- A2.** An email requesting additional information and clarification was sent on August 7, 2024. A response was not received. Photos of equipment are included as part of this Addendum.
- Q3.** Regarding the RFP for Water Treatment Program and Marshall University, can you please advise if any portion of this contract is subject to prevailing wage requirements?
- A3.** Prevailing wage requirements are not applicable.
- Q4.** 4.7.2.5.1 – What are the acceptable drum sizes?
- A4.** The School of Medicine uses dry feeders only. Facilities & Operations use predominantly dry feeders but where drums are used, they are less than 50 gallon.
- Q5.** 4.7.2.5.2 – Are treatment chemicals allowed to be shipped to the main campus loading dock then moved to campus locations by provider?

A5. Currently, the School of Medicine chemicals are received at Cabell Huntington Hospital loading dock located at 1340 Hal Greer Blvd, Huntington, WV 25701. Facilities & Operations chemicals are received at 201 21st Street, Huntington, WV 25703. However, due to the implementation of Marshall Marketplace, the Universities e-procurement platform, this is subject to change.

Q6. 4.7.2.6.1 – Is it possible to do a site visit or receive photos of current chemical feed systems for cooling towers and boilers?

A6. Photos of equipment are included as part of this Addendum.

Q7. 4.7.2.8.4 – If we are to replace feed pumps / controllers within a day, how many chemical feed pumps, controllers, type, brand are on campus?

A7. The School of Medicine has 2 different controller types and 2 different pumps. There are a total of 10 pumps and 5 controllers within Main, Douglas and the VA buildings. Type 1 pump is ProMinent Beta/4 (Type – BT5B0713PVT7000UD1S0A00). Type 2 pump is a PorMinent Concept Plus (CNPB0705PVT7M0DB00).

Facilities & Operations uses an assortment of pumps and controllers throughout the listed facilities comprising of 18 pumps, 10 controllers, 15 dispensers, and 8 barrels of treatment chemical. Please refer to photos provided for additional details.

Q8. What equipment are we to replace under this contract? In other words, if equipment needs to be replaced (i.e. chemical pumps or controllers), which party is responsible for this cost?

A8. The contractor is expected to service, maintain and replace all equipment. The equipment includes controllers, pump & tubing. The cost is considered contractor expense.

Q9. 4.7.2.7.6 What is considered same day reaction?

A9. Same business day.

Q10. Bid Table For item 37, what type of resin would need to be cleaned (cationic, anionic, mixed bed)?

A10. The School of Medicine has resin at Biotec. It is softener resin so it should be cationic. The Facilities & Operations resin material is unknown at this time.

Q11. Are solid products required instead of liquid products on some systems? If so, which systems require solid products?

- A11.** Yes, solid products are required instead of liquid products at the School of Medicine. The School of Medicine is all “solid” and has zero liquid. Facilities & Operations prefers solid products.
- Q12.** Under Medical buildings in the notes column, it lists Ready Feed. Do these products have to be Ready Feed, or could we propose something similar?
- A12.** Bidders can propose something similar as long as it meets requirements for the water treatment.
- Q13.** Technical & Cost Bid process Timelines: Could you please provide further details on the specific dates and times for the bid opening and any associated deadlines? We noticed on the cover page that the openings for the two bids were after the submission deadline.
- A13.** The Bid Schedule is noted below, taken directly from Page 1 of MU24WTRTREAT. For further clarification, the Technical & Cost bid submissions are ***both*** due on August 29th at 3:00pm. Technical bid submissions will be opened on August 29, 2024, at 3:00pm. Cost bid submission will be opened on September 3, 2024, at 3:00pm.

Q14. Public Contract Access: We would like to review your current public contract. Could you share the necessary documents with us so we can create a competitive proposal?

A14. The current contract is titled MU18WTRT and is accessible on the Office of Purchasing webpage linked here: [Water Treatment – Office of Purchasing \(marshall.edu\)](#). Screenshots are below for what you will see when you follow the link.

Q15. Site Tour and Layout Inspection: We are interested in touring the sites to physically see the layout. If we can't, could you provide photos of the feed systems for the Boiler and Cooling Towers?

A15. At this time a site visit is not scheduled. Photos of equipment are included as part of this Addendum.

Q16. We would also like to know if all equipment involved in the feeding process is the property of Marshall University or if it is leased through the current vendor?

- A16.** The equipment at the School of Medicine is owned by the School of Medicine. However, it is the responsibility of the successful bidder to repair, fix, or replace the equipment.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-9-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-20-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
